- World Class Golf Resort coming soon.

Have you ever experienced a resort that can literally, "Change Your Life?" Since the 1800's people have been astounded by the waters of the harbor. The fact that there was barely a ripple on the surface is what inspired the name "Pleasant Harbor". This is the only protected deep water harbor in the Hood Canal.

From here we can help you set up a kayaking adventure, or SCUBA diving trip, to enjoy the only natural fjord in the continental United States. There are also numerous hiking trails to explore and enjoy the natural beauty of the pacific north-west. In addition, there are beaches nearby where you can gather clams or our famous Hood Canal oysters. In the spring you can go shrimping, and in the summer and fall crabbing is open.

The marina offers a hot tub, heated swimming pool, and covered BBQ area. While you are here you could take a day trip to Port Townsend or Seattle, or for a longer trip you could venture out to the San Juan Islands.

In the next couple of years we will be developing a world class resort, including a health spa and a championship water frontage golf course to rival Pebble Beach. A conference center and wedding chapel will attract people from around the world to witness how we have developed in perfect harmony with nature.

You will enjoy the friendly atmosphere of Pleasant Harbor Marina and Golf Resort as you plan your next adventure that will create the memories worth repeating.

We are pleased to offer you secure and affordable moorage for your boat or yacht, even those over 50 feet.
